

MUSICAL LEAVES MATCHUP GAME

A Short Music Game for 1-3 Players

MUSICAL LEAVES MATCHUP GAME

A Short Music Game for 1-3 Players

This short game is intended to help beginner students practice naming the piano keys.

Assembly

- Print the Musical Leaves Matchup pdf. Place the tree gameboard into a plastic sheet protector along with a piece of cardboard to give the board stiffness (optional). Cut out the Instructions and slip into the back of the sheet protector.
- Buy fabric or foam leaves (at least 7; no more than 14) and mark each with a letter from the musical alphabet using a marker or felt tip pen.
- Use a plastic zipper bag for storing the leaves when not in use.

Gameplay

- Give the board to the student along with the zipper bag leaves.
- Instruct the student to fill the tree with autumn leaves by matching the correct letter leaves to the right spot on the tree.
- Students may work alone, or in pairs/groups – depending on how many boards you print.
