

ASSEMBLY:

1. Decorate an empty tissue or shoe box. You can paint it or wrap it with wrapping paper. Then, glue the large BANG! signs (below) on each side of the box.
2. Fill the box with cards with rhythm examples or with note-naming flashcards. Cut out the BANG cards and add them to the box too.

BANG!

a fun, versatile game for students

Gameplay: Each student draws a card from the box on their turn. If they answer the card correctly, they get to keep the card. If they draw a BANG! card, they must return all their cards to the box. The student with the most cards at the end is the winner.
